

Aerospace Technology II

This course provides an advanced exploration of flight, space travel, and supporting technologies through a practical approach centered around problem solving. Students explore concepts in aircraft operations; aircraft design, flight safety, and maintenance; airport infrastructure; and small unmanned aircraft systems (sUAS).

High School Credits: 1

School Level: High School

Grade: 11, 12

Length: full year

Prerequisites:

Aerospace Technology I

Program: CTE: Technology Education
