

Music Theory I

Music Theory provides students with the necessary tools to work with music from creative and performance viewpoints. The course stresses the fundamentals of music reading, with emphasis on scales, intervals, chords, four-part writing and form. Ear training is an important part of the course. Music Theory is most helpful for students who plan to major in music in college or those interested in performance/composition.

High School Credits: 1

School Level: High School

Grade: 10, 11, 12

Program: Music
