

Math Center Peer Tutor

The T.C. Math Center Peer Tutor opportunity encourages, promotes and fosters students' independent learning and academic achievement in math courses. The typical duties of a Math Center Peer Tutor include:

- Participating in training sessions. Peer tutors attend a six-week training session in which students are taught tutoring techniques to assist learners in developing a deeper understanding of mathematics as well as techniques for working with students who may have gaps in learning.
- Providing academic support to fellow students and communicating an enthusiasm for mathematics.
- Regularly meeting with individuals and small groups to work collaboratively on classwork/homework problems, course content, transfer tasks and study for unit exams.
- Conducting outreach with the school environment to promote student use of the T.C. Williams Math Center.

Elective Credits: 0.5-1

School Level: High School

Grade: 10, 11, 12

Co-Requisites:

Pre-Calculus, AP Statistics or AP Calculus AB or AP Calculus BC

Program: Mathematics Electives
