

# German Conversation and Culture I - Summer School

This is an intensive situation-oriented conversation course, with a cultural component, based on practical application. The course is intended for students participating in our student exchange with a partner school in Austria. Pre-departure instruction prepares students to function in everyday situations and conversational exchanges likely to be encountered during their two-week home-stay with an Austrian family. While in Austria, students attend regularly scheduled classes and immerse themselves in the German language and culture. Field trip locations include Munich, Salzburg and Vienna. This course offering is dependent upon student interest and the availability of qualified teacher chaperones. Students produce and submit projects upon completion of the course.
