

Dual Language Spanish Language Arts II

In this course, students continue to improve their language proficiency through language study.

In Grade 7, students will:

- Engage and enhance conversations on an array of topics
- Continue development of reading skills to support academic comprehension and appreciation of a variety of reading genres
- Continue development of writing skills to support formal and informal genres
- Complete mid-year (informal) and final year writing projects (research based)
- Develop and acquire information for basic comprehension on the relationship of the Hispanic/Latin culture and American heritage
- Continue development and application of academic research
