

AP German Language and Culture

In AP German Language and Culture, students refine reading, writing and listening skills, with special emphasis on improving speaking proficiency. Students examine cultural topics such as history, civilization, philosophy, music and art in depth, and read and analyze several works/excerpts from various genres of literature. Students read one radio play, several short stories and poems and three short novels in German. Intensive vocabulary and grammar review is an integral part of this course, which is conducted entirely in German.
