

Dual Enrollment Entrepreneurship: Business Ownership and Management

This course is offered in partnership with the National Foundation for Teaching Entrepreneurship (NFTE). Entrepreneurship is a specialized course for students with an interest in one day owning and managing their own businesses. The course focuses on the development of a business plan, which requires determination of the type of business organization, legal and accounting considerations, location selection, financing and marketing. Students work with professional mentors to develop their business plans and have the opportunity to present their business plans in local, regional and national competitions.
