

# Dual Enrollment Teachers for Tomorrow

Virginia Teachers for Tomorrow (VTfT) is a state program designed to foster student interest, understanding, and appreciation of the teaching profession and allows secondary students to explore careers in education. Students build a foundation for teaching; learn the history, structure and governance of teaching; apply professional teaching techniques in the VTfT classroom and field experience; and reflect on their teaching experiences. Additional educational leadership opportunities are offered through the student organization, Educators Rising. Students will be required to participate in an off-site supervised internship. This course can be a completer sequence with Introduction to Early Childhood Education and Services I.
