

Language Arts Honors 6

The curriculum revolves around the theme of individual change. Students study the concept of change by reading autobiographies of writers and by looking at change in selected lives. To help students gain insight into the development of talent, the lessons encourage them to explore their own identities as talented learners through discussions and reflective writing. Additional selections and activities continue the emphasis on individual change as expressed by authors and students in their reading and writing.

School Level: Middle School

Grade: 6

Length: full year

Program: English Language Arts
